

Rotaflex Lamp designed by A.R.P for Disderot circa 1954

Michel Mortier

Sold

REF: 3581

Height: 82 cm (32.3")

Diameter: 46 cm (18.1")

DESCRIPTION

Very rare model R 123 lamp by the Atelier de Recherches Plastiques (A.R.P), produced by Disderot around 1954. A.R.P was founded in 1954 by Joseph-André Motte, Michel Mortier and Pierre Guariche with the aim of offering industrialised design furniture, both technically and aesthetically innovative.

This large egg is composed of a Rotaflex shade resting on a tripod base in black lacquered metal.

For this exceptional piece, transport in a wooden box will be privileged to preserve it.

Some minor lacks.

Manufacturer: Disderot circa 1954.
