DESCRIPTION

8820 Table, designed in 1988 by Verner Panton for Fritz Hansen.

This striking version of the iconic Cone table features a sleek glass top that enhances the elegance of its chrome-plated metal wire frame. The airy, lightweight steel structure creates a beautiful contrast with the clear glass, offering a balance of modernity and timeless sophistication.

In excellent original condition, the table retains the refinement of its design, with a subtle patina that adds to its vintage charm. A perfect addition to contemporary interiors, it pairs seamlessly with matching chairs from the same series.

Manufacturer : Fritz Hansen, Denmark, 1988.
